St Eugene golf course is ideal for accommodating golf groups of any size or perhaps a couples weekend escape.

Key St Eugene Golf Course Features are:

- Plays from four sets of tees from 5,388 yards to 7,007 yards
- Average course time of 4.5 hours
- Views of St. Mary River, Purcell Mountains and Rocky Mountains
- Strategically placed halfway house
- Located on bird sanctuary with over 150 species

Designed by acclaimed architect Les Furber, it is a distinctive, easy-flowing course set on 120 acres of turf grass in the 327 acre St Eugene Golf Resort & Casino halfway between Cranbrook and Kimberley, British Columbia. With white sand bunkers and huge, undulating greens, the course plays from four sets of tees from 5,388 yards to 7,007 yards and plays well for all skill levels of golfers for an average course time of 4.5 hours.

Built right next to the St. Mary River, each hole at St Eugene Golf is designed to have an uninterrupted view of either the Purcell or the Rocky Mountains (including the marvelous Fisher Peak) as it winds its way through open links land, buffer zones, wetlands and rolling woodlands. Additionally, the grounds are part of an Audubon sanctioned site, home to over 150 bird species including the endangered Great Blue Heron and Bald Eagle as well as badgers, Townsend long-eared bats and painted turtles. All this makes the course for a captivating yet tranquil golf environment that allows a freedom of style in play.

Additionally, because St Eugene golf is located at a high latitude in the East Kootenay valley and on the western edge of the Mountain Time Zone, the course receives ample light during the spring and summer months, making a late afternoon game entirely possible.

St. Eugene's professional greens keepers and state-of-the-art maintenance equipment create consistent course conditions, where the first green is the same as the 18th. Moreover, there's a strategically placed halfway house that you'll pass three times during your round.

All our power carts are equipped with GPS distance trackers to help you gauge your approach. And as extra amenities to the buddy group experience, we can help organize score cards, format the game and put up tournament signage. As well, we offer free club storage space and customized bag tags.

Comments from Shadow Mountain Golf Course
Architect Wayne Carleton...

"Shadow Mountain golf course is one of the most intriguing properties for golf that I have had the pleasure to work on in Canada. The routing will take the golfer on an adventure across this diverse landscape of rolling forested sand dunes and mountainous terrain. No expense was spared in preserving the natural character of this wonderful site, letting the land dictate the design and thus allowing us to create some of the most memorable golf holes you will ever have the privilege of playing.

Gary Player brings his reputation for excellence and his design expertise to Wildstone golf course. The Wildstone Golf Course measures over 7,100 yards, and embodies the same distinction as Player himself. Set on the rolling highlands above Cranbrook, BC, Wildstone golf course exposes stunning postcard views of the Rocky Mountains from start to finish. We ask that Wildstone guests please complete a brief Guest Survey.

This is the most beautiful site that I've ever had the privilege to design a golf course on. ~ Gary Player

Golf Digest's Senior Architecture Editor ~ Ron Whitten, visited all of the new course openings in North America in 2011 and commented that "Wildstone excels in scenery and strategies, particularly on the short par 5 ninth and on the par 4 17th." "Wildstone was my favorite round of the year."

The Wildstone golf course practice area is as unique and user friendly as the course itself, with a large putting green, separate chipping green and extraordinary driving range. At over 350 yards long and 100 yards wide, the spacious elevated tee decks allow golfers to work on their games by shaping shots against a scenic Rocky Mountain background.

Bootleg Gap Golf
400-315th Ave V1A 2Y5 Kimberley BC

Bootleg Gap Golf is a 27 hole public facility. This Les Furber designed facility features an 18 hole Championship, a unique 9 hole course and one of the best practice facilities in the area. The par 34 Recreational nine-hole course features three par-threes, five par-fours and a 519-yard par five. The Rec 9 provides a unique challenge and is an extremely popular component of Bootleg Gap Golf. Bootleg's championship course combines some spacious driving holes with some tighter riverside holes where accuracy is at a premium. The "signature" hole is the 193 yard par-three 12th, which requires a tee shot usually affected by wind to a well protected, large undulated green situated 50 feet below. Nk Mip Canyon Desert Golf Course
6891 Tucelnuit Dr V0H 1T2 Osoyoos BC

Owned and operated by the Osoyoos Indian Band, Nk Mip Canyon Desert Golf Course expanded from a relaxed nine-hole course to a championship model in 2001. Its local field designers listened to the symmetry of the elevated Land to the north of the original nine and responded with a daring reply adding 13 expansion holes and renovating 5 existing ones.

The result is a striking blend of natural contrasts divided into the desert-dominated Canyon Nine, which delights in throwing the elements at an unwary golfer, and the more laid-back Grove Nine whose verdant fairways and greens welcome a long drive and a satisfying putt.

There is no one word that describes Nk Mip Canyon Desert Golf Course in Oliver. Centuries before the course was created the Okanagan people who lived here had formed an affinity with the canyons, the game, the wind, and the water that nurtured their lives and added dimension to this region of the valley. They referred to the area as Nk Mip (Inkameep) whose English meaning roughly translates as flat bottom land at the mouth of the creek or river. However the translation lacks the imagery of their language. The Okanagan saw land in terms of pictures that went deeper than words and when you see the Nk Mip Canyon Desert Golf Course you will understand why.
